

# How to Comment on YouTube Videos

---

## From your computer

- **First, make sure you are signed in.** If you are, your Google photo or icon will appear in the upper right corner of your browser window.
- If you are not signed in, you will see a blue "Sign In" box in the upper right corner

1. Click the blue "Sign In" box.
2. Click on the account you wish to use (if it appears) or enter your account information.
3. On the next screen, enter your account password.
4. You will be auto-directed back to YouTube.

If you try to comment when you aren't signed in, YouTube will automatically send you to your Google sign-in page.

### **Once you sign in, you'll be able to comment on YouTube videos:**

1. Scroll down to the Comments section (below the description of the video).
2. Click into the line that says, "Add a public comment..."
3. Add your comment.
4. Click the "COMMENT" box.

Type your comment and press the "COMMENT" button.

## From your mobile device

When you use the YouTube app on your mobile device, you can easily leave comments.

1. Scroll down to the bottom of the screen to find the comments section. If you're using a small device, such as a phone, the comments are below the other recommended videos, so keep scrolling.
2. Click into the line that says, "Add a public comment..."
3. Click the blue arrow icon to make your comment.
